Dear Jeff;

I would like to take this opportunity to thank you and your team for a job well done on the Metro Place IV – Spectrum Holdings project in Fairfax, VA. Trinity Group Construction’s continued focus on customer service showed in everything your team did on this project. The project finished ON TIME and ON BUDGET much thanks to your team.

Katie Metras’ knowledge of construction and organizational skills were essential in keeping this project on track. Chris Allwine ran a clean, professional, and safe project site. As you know a relationship with the building engineer is an important factor in keeping a project moving forward and Chris was able to forge an excellent working relationship with all building staff. Katie and Chris were an asset to this project and I look forward to working with them again.

Congratulations on your new union affiliation and I look forward to working with you and your team on future projects.

Sincerely,

Sarah Knutson
Construction Manager
