TRINITY GROUP CONSTRUCTION SELECTED BY THE JBG COMPANIES FOR CORPORATE HEADQUARTERS EXPANSION

Washington, DC – TRINITY Group Construction announced today that it has been selected by The JBG Companies to provide construction services for JBG’s corporate headquarters expansion at 4445 Willard Avenue in Chevy Chase, Maryland. TRINITY has previously completed a tenant build-out on JBG’s behalf and is currently building the sales center for Waterview, JBG’s high-profile condominium project in Rosslyn, Virginia.

“We are excited about our expanding relationship with JBG,” said Mark Fletcher, Project Executive and Manager of TRINITY’s Washington, DC office.

Designed by Stefan Dytrt of Kishimoto Gordon Dalaya Architects, the approximately 10,000 square foot space will include offices and workstations that will ultimately accommodate 50 employees. The expansion will also incorporate two new conference rooms.

Headquartered in Chevy Chase, Maryland, JBG is an active developer, owner and manager of office, residential, retail and hotel properties.

TRINITY has redefined the meaning of full-service commercial construction with its ability to provide a complete service package including representation, consulting, management, contracting and design-build offerings. TRINITY’s team is skilled in bringing concepts to life, but it is their expertise at building relationships that has distinguished the firm over the years. As the firm’s growing list of satisfied customers will attest, from the moment TRINITY Group Construction is engaged by a client, that client’s project is a priority. Whatever the scale of construction, TRINITY’s personalized service and genuine enthusiasm tower above the rest.
